**VOILA! LE CANADA**

## Map Of Hampton New Brunswick

This is a map of the important places in Hampton. The legend and other tools were cut off when I took the picture of the map, so this is what each number represents:

1. The Hampton Railway Station
2. John Peters Humphrey statue
3. Kings County Museum
4. The statue by Jim Boyd
5. One of the many entrances into the Dutch Point Trails
6. The New Brunswick Railway

These numbers all represent the important spots in Hampton. Many of them are Tourist attractions that bring people to see the amazing works of art done by people in our community. There may not be many spots, but Hampton is a great Community full of life.
