

Above is a map of my neighborhood of downtown Brampton (unfortunately I could not do my entire city, because it is too big). Featured on my map is Main Street and the surrounding important or historical buildings such as the PAMA art gallery and museum, city hall, the public library, and the Alderlea mansion. I also have the Etobicoke creek and trail, and some parks that surround the area such as gage park, and Rosalea park. There are also several schools such as Cardinal leger (my school) St. Mary elementary. I have also included some of the churches in the area like the St. Paul United church, and St. Mary's Church. I have also labeled the William Osler Hospital. Lastly, I labeled the Railway that is behind the library!

THIS! IS CANADA
VOILA! LE CANADA
